## TAX EXEMPTION FORM

To Whom It May Concern:

In accordance with sales and use tax regulations, please sign and return promptly this letter, which is a blanket certificate of exemption, showing that the goods you have purchased from us and the goods you may purchase from us in the future are not taxable. This certificate must be executed and returned to us or we shall be obliged to charge sales or use tax on our sales to you. Thank you for your cooperation.

Do not detach.

I certify that tangible personal property purchased from CDC Distributors, Inc., unless otherwise indicated on the purchase order is not subject to any sales or use tax since this is purchased for resale in the same form.

This certificate shall be considered a part of every order given to CDC Distributors, Inc., and continues in force until revoked, unless the order specified to the contrary. In the case where property is purchased free of sales tax pursuant to the issuance of the certificate and is later used for taxable purpose, the tax due will be reported directly by me as a use tax.
